HOSTETTER STOMACH BITTERS!!

In view of the fact that every member of the human family is more or less subjected to some complaint, be sides innumerable other conditions in life, which by the assistance of a little knowledge or exercise of commen sense, they may be able so to regulate their habits of di-et, and with the assistance of a good tonic, recure per-manent health. In order to accomplish this desired ob-

et, and with the assistance of a good tonic, recure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural sinte of things at the least hardard of vital strength and life; for this end fr. Hostetter has introduced to this country a preparation bearing his name, which at this day 6 not a new medicine, but one that has been tried for year, giving satisfaction to all who I are used it. The bitters operate powerfully upon the stomach, bouchs and liver, restoring them to a nealthy and vigorous action, and thus by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Physpepsia, Indigestion, Nausca, Flatulary, Lisa of Appellie, or any lithious Complaints, arting from a morbid inaction of the stomach or howels, producing Gramps, Physinery, Colic, Chelera Mozinis, &c., these Bitters have no equal.

Distributed, distentery or flux, so generally contracted by new settlers, and caused plineipally by the change of water and diet, will be specially regulated by a brief use of this preparation. It superior, and lite various forms, than any other, the cause of which may always be attributed to derangements of the disease organs, can be cured without fail by using HOSTETTER'S STOMACH HITTERS, as per directions on the bottle, for this disease every physician will recommend litters of some kind, then why not use an article known to be infallible? Every country have their litters as a preventive of disease and strengthening of the system in general, and among them all there is not to be found a more healthy peeple than the Germans from whom this preparation eman-trd, buckle type scientific experiments which has rended in advance the decliny of this great preparation enhanced in advance the decliny of this great preparation enhanced in advance the decliny of this great preparation enhanced in advance the decliny of this great preparation commented in some stated diseases cannot be commended when exposed

tion, the complaint is thus removed as specific as is consistent with the production of a thorough and permanent cure.

For perma in advanced years who are suffering from en chiebled constitution and infina body, these litters are invaluable as a restandisc of atrought and rigos, and needs only to be tried to be appreciated. And to a mother while unreing, these litters are indippenable, especially where the mother's near-island at is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as llostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remely for all cases of debility, and before so doing, ask your physician, vino, if he is acquainted with the wirne of the Bitters, will recommend their use in all cases of weakness.

Carriox.—We caution the public sgainst using any of the many initialions or counterfeits, but ask for Hotteter's Ottobrated Stomach Bitters, and see that each bottle has the words "Dr. d Hostetter's Stomach Bitters" blown on the side of the bottle ond strupted on the metallic cap covering the cork, and observe that our autograph signature to on the label.
